

# ANDREAS SOSILO

MSc., Dipl.-Ing. (FH)

## PROFILE

I am a creative and hardworking **Junior Full Stack Web Developer** with interest and skills in web development using JavaScript, React, Node.js, HTML and CSS.

I discovered my passion for coding while I was working as automation engineer, in which I worked with PLC programming, C++ and C#.

Driven by my interest to build sophisticated and cutting-edge web applications, I joined Hacktiv8 Coding Bootcamp to focus my career on web development.
